

## Bus Routes for School Year 2019-2020

### SCHOOL BUSES RETURN TO THE HIGHWAYS

Updated July 19, 2019

School will be opening for students on Friday, August 16 and motorists are cautioned to be on the alert for students walking and waiting for buses along the highways of the county. Motorists are also cautioned to be especially alert for buses that are stopped on the highway for the purpose of loading or unloading students. **It is a violation of state law to pass a school bus in either direction when the bus has its red lights flashing.**

The safety of our children is in the capable hands of our drivers. Distractions caused by students who do not follow the rules threaten the health and safety of others. Parents are encouraged to talk with their children about the importance of good bus riding behavior. The driver needs to focus on what is going on outside of the bus.

Bus Drivers will be making practice runs on Thursday, August 15. A description of bus routes for Pendleton County for the 2019-2020 school year is as follows:
